PROJECT REVIEW COMMITTEE

11 August 1952

RECORD OF ACTION

SUBJECT: Interim Procedure for Continuation of Support to Current OPC Projects

At its meeting on 8 August 1952, Colonel White requested guidance from the Project Review Committee on interpretation of the action of the Committee taken at its meeting on 27 June 1952 to provide an interim procedure for the continuation and support to current OPC projects from 1 July 1952 until the OPC project structure is revised and presented to PRC as a program structure during the first quarter of FY 1953.

PC-10-53

It was decided that the intent of the Committee had been that the rate of expenditure would be not more than approximately one quarter of the 1952 total rate of expenditure for each individual project. On FY 1953 projects, where the rate of expenditure requested by OPC is substantially in excess of one quarter of the 1952 rate, these projects will be segregated by the DD/A and the DD/P for discussion with the Chairman of PRC. The Chairman will then determine whether they may be approved without further discussion, must be discussed by him with the Director or must be presented for consideration to a PRC meeting.

It was noted by Mr. [] of OPC that the list of projects now in the hands of the members of the Committee is currently being revised and substantial changes will be made in it.
